### **OPEN COMMENTS:**

Trimming bushes back by TMV and Amenity Center Drive. It was noted that a lot of corners need to be trimmed. More speed limits signs also needed. It was noted that people should get numbers of golf carts if spotted speeding. Also noted that a "Not a Through Street" was needed by Matt V.

Cameras were put in place and are working fine. The cameras should be paying for themselves in no time.

Please remind people if seen, to keep the golf carts to the trail. While work is going on at the corner of 129 and Coal City Road, some carts of veering off the trail.

Is okay to put up a pergola frame. There are no "car ports." It would not be a pergola, it would be an open environment. It was noted to take such requests to the office for approval. It could not be used as a car port. A possible variance might be obtained.

Could the stop sign by the TMV and Fossil Cove Bridge be moved to the corner?

The gate at outgoing Gate 1 is broken. It was noted as a sensor problem, If golf carts go up to it to let someone in, it may not come down.
